BOKONI
PLATINUM MINES

DIGITAL PROCUREMENT TRANSFORMATION JOURNEY

Dear valued supplier,

WE ARE NOW LIVE WITH COUPA!

We want to express our sincere gratitude to all of you who responded to our request to register on the Coupa Supplier Portal (CSP). Your cooperation is greatly appreciated. This portal is meant to help Bokoni Platinum Mines to simplify its procurement processes and activities between the mine and its suppliers.

A large group of companies still need to register on Coupa or have experienced challenges in using the new application. To ensure all suppliers doing business with Bokoni Platinum Mines are onboarded to Coupa, and to minimize any further commercial interruptions, we are hosting an information session. This session is designed to equip you with the necessary knowledge and skills to use Coupa effectively, thereby improving procurement processes and supplier interactions.

We hereby request that you avail yourself and any key personnel(+1) in your organization to attend one of the onsite information sessions for our suppliers to be held on the following dates:
